

7-13-2017 -- Email from TVW expressing their desire to produce a "ten years after" documentary. Flood Authority support will be needed. Good opportunity to look backward/look forward.

Hi Scott,

Thanks for coming in the other day. We'd like to pursue this as more of a documentary and move it to the front of the list of projects. I will be out of the office next week, but I'd like to begin production the week of July 31st or possibly sooner. If you can send me any reference material you have on hand that might be helpful in planning/scouting locations, I'd greatly appreciate it.

Best,
