 - PT frequency
- PT frequency for labs upon accreditation transfer
- PTs and the ICT

PT Workgroup Going Forward

The Motions

Minimum Required PT Frequency

- On-going accreditation
 - Micro: 1 per year per parameter
 - Everything else: 2 per year per parameter with a possible reduction to 1 per year per parameter with on-going success
- Initial Accreditation (for labs not transferring from WSLCB/RJ Lee)
 - Requirement is applicable to old parameters when a major method change has been made or when a lab wishes to add a new parameter after accreditation transfer
 - Most recent set of satisfactory results per parameter
 - This must be done prior to scheduling of the on-site audit

Details

- Pros
- Cons
- Transferring labs vs New Labs
