## **PFAS Alternatives Assessment**

## February 13, 2019 update:

Following a competitive bid process, Ecology selected SRC, Inc. (SRC) as the contractor to support the development of the PFAS in Food Packaging AA. An updated <u>Statement of Work, Deliverables</u>, and <u>Timeline</u> are available that reflect the January 28, 2019 start date. SRC and Ecology are seeking input from interested parties on products in relevant food packaging applications, primarily packaging where oil and grease resistance are provided by PFAS or PFAS-free alternative technologies. Complete the following survey to provide your contact information and to identify your interest and expertise: <a href="https://www.surveygizmo.com/s3/4834537/PFAS-AA-Questionnaire">https://www.surveygizmo.com/s3/4834537/PFAS-AA-Questionnaire</a>. Interested party contacts will begin February 22, 2019 and will continue throughout the project work.
