2023 Spills Coastal Protection Fund Grant Projects

Geoff Baran

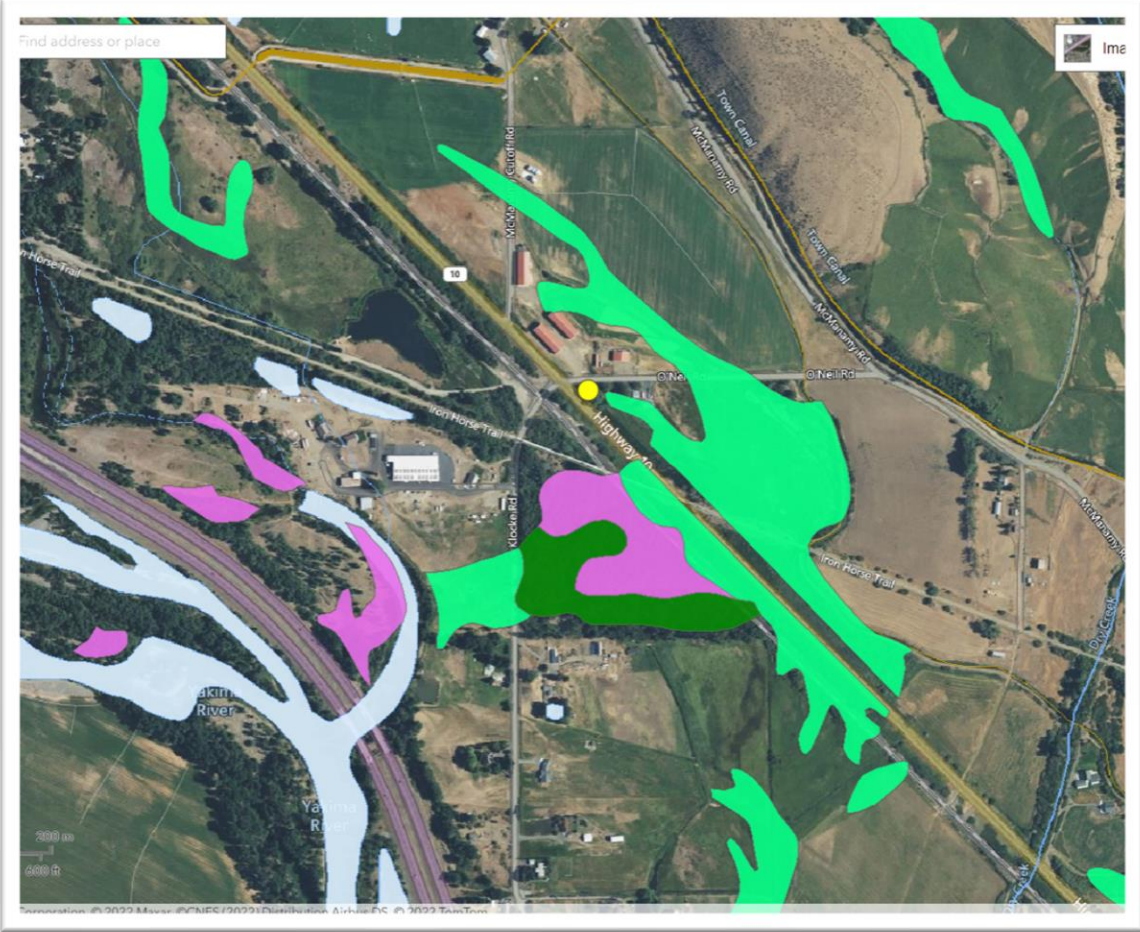

July 12, 2023

The Coastal Protection Fund

- RCW 90.48.390
- Non-appropriated fund
 - Natural resource damages
 - Oil spill penalties
 - Water quality penalties*
- Uses:
 - Environmental restoration/enhancement projects
 - Investigations into the long-term effects of oil spills
 - Development and implementation of an aquatic land geographic information system

Harms Pacific Trucking

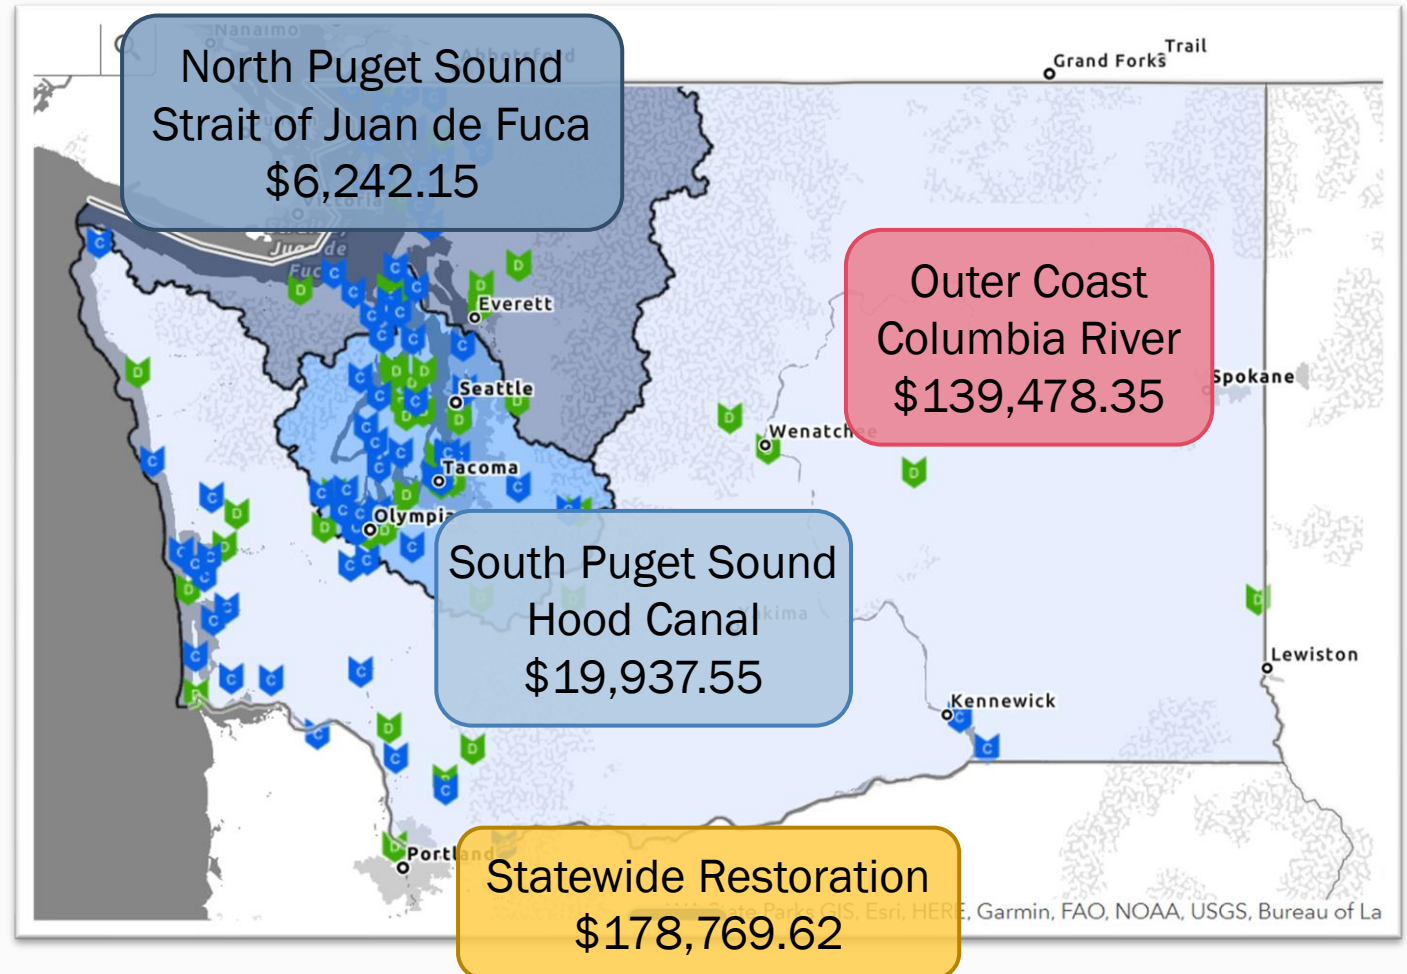

F/V Terry F

Account Balances

- Resource Damage Assessment (RDA) Regional Accounts
 - \$165,658.05
- John Bernhardt (JB) Restoration account
 - \$178,760.62
- \$344,418.67 total

2023 Spills Coastal Protection Fund Grant

- Competitive grant process
- Initial ranking completed by objective evaluation scores
- Final decisions based on priorities of Steering Committee and Spills Program Manager

#	Category	Details	Points
1.	Oil spill impacts	Describe how this project benefits resources that have been impacted by oil spills.	10
2.	Project outcomes	Describe the expected environmental, water quality, and community benefits of the project.	10
3.	Deliverables	Define each deliverable and provide direct links between the deliverables and project benefits.	5
4.	Budget	Provide an accurate and reasonable budget for the 12 to 18-month grant timeline.	5
5.	Project schedule	Provide an accurate and reasonable schedule for the 12 to 18-month grant timeline.	5
6.	Leveraged funds and resources	Describe other funding resources for the project.	5
7.	Broad, local support	Provide documentation with support from the broad, local community, stakeholders, or interest groups.	10
8.	Readiness to proceed	Describe the current project status, and if the project will be ready to proceed if funds are awarded.	5
9.	Implementation of planning efforts	Describe larger project planning efforts or reasons the project is a priority.	5
10.	Environmental Justice	Describe how the project includes meaningful community engagement and benefits an overburdened or underserved community.	5
11.	Climate Change	Describe how the project addresses and reduces impacts from climate change.	5
		Sum total of possible points	70

Proposed Projects

Rank	Project	Organization	Eligible Cost
1	Mercer Creek Streambank Restoration	Mid-Columbia Fisheries Enhancement Group	\$49,992.00
2	Habitat Management on the Lower Yakima River	Benton Conservation District	\$47,606.00
3	Henderson Bay Armor Removal and Shoreline Restoration	Pierce Conservation District	\$50,000.00
4	North Kitsap Derelict Fishing Gear Removal Project	Port Gamble S'Klallam Indian Tribe	\$50,000.00
5	Saint Edward State Park Shoreline Restoration	Washington State Parks and Recreation Commission	\$50,000.00
6	Lower Horn Creek Fish Passage	South Puget Sound Salmon Enhancement Group	\$25,000.00
7	Hart Slough Restoration	Skagit County - Public Works Department	\$45,880.00
8	Duwamish River Legacy Debris Cleanup and Restoration Project	City of Tukwila Public Works	\$72,110.00
9	Tarboo Wildlife Preserve Addition - Restoration	Northwest Watershed Institute	\$50,000.00
10	Skookum Creek Restoration River Mile 6.5	South Puget Sound Salmon Enhancement Group	\$30,000.00
11	Bear Creek Floodplain Reconnection and Riparian Restoration Project	Mid Puget Sound Fisheries Enhancement Group	\$45,206.00
12	Delridge Wetland Park Environmental Education Program	Delridge Neighborhoods Development Association	\$140,950.00
13	Kimball Acquisition match	Heernett Environmental Foundation	\$40,000.00
14	McSorley Wetlands Trash Removal/Clean-up	Kent city of - Public Works	\$50,000.00
15	Powell Creek Wetland Acquisition and Stewardship	Nisqually Land Trust	\$51,750.00
16	Camas Prairie Restoration - Lewis and Clark State Park	Washington State Parks and Recreation Commission	\$50,000.00
17	Wetland Creation on Dead Canyon Creek	Benton Conservation District	\$49,611.00

Proposed Projects

Rank	Project	Organization	Eligible Cost
1	Mercer Creek Streambank Restoration	Mid-Columbia Fisheries Enhancement Group	\$49,992.00
2	Habitat Management on the Lower Yakima River	Benton Conservation District	\$47,606.00
3	Henderson Bay Armor Removal and Shoreline Restoration	Pierce Conservation District	\$50,000.00
4	North Kitsap Derelict Fishing Gear Removal Project	Port Gamble S'Klallam Indian Tribe	\$50,000.00
5	Saint Edward State Park Shoreline Restoration	Washington State Parks and Recreation Commission	\$50,000.00
6	Lower Horn Creek Fish Passage	South Puget Sound Salmon Enhancement Group	\$25,000.00
7	Hart Slough Restoration	Skagit County - Public Works Department	\$45,880.00

14	McSorley Wetlands Trash Removal/Clean-up	Kent city of - Public Works	\$50,000.00
15	Powell Creek Wetland Acquisition and Stewardship	Nisqually Land Trust	\$51,750.00
16	Camas Prairie Restoration - Lewis and Clark State Park	Washington State Parks and Recreation Commission	\$50,000.00
17	Wetland Creation on Dead Canyon Creek	Benton Conservation District	\$49,611.00

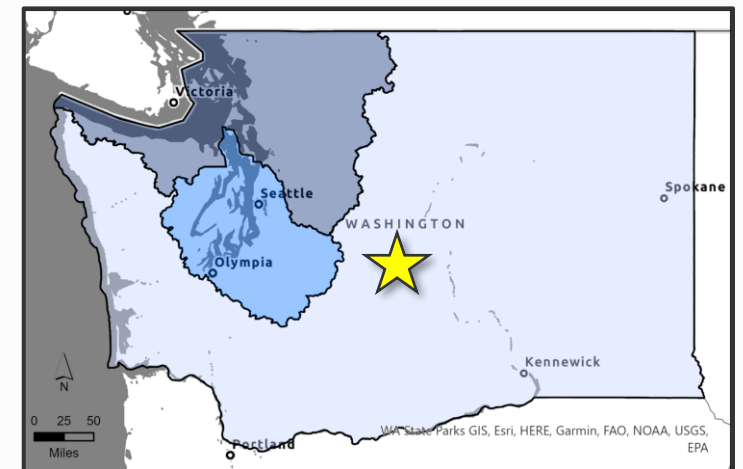

Mercer Creek Streambank Restoration

SPPRCPF-2023-MCFEG-00015

Mid-Columbia Fisheries Enhancement Group

- \$49,992.00 (\$49,992.00)
- Invasive tree removal and native plant installation

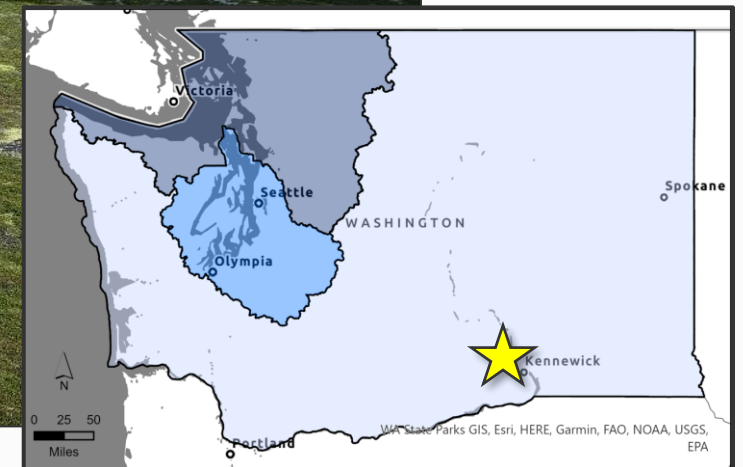

Habitat Management on the Lower Yakima River

SPPRCPF-2023-BentCD-00006

Benton Conservation District

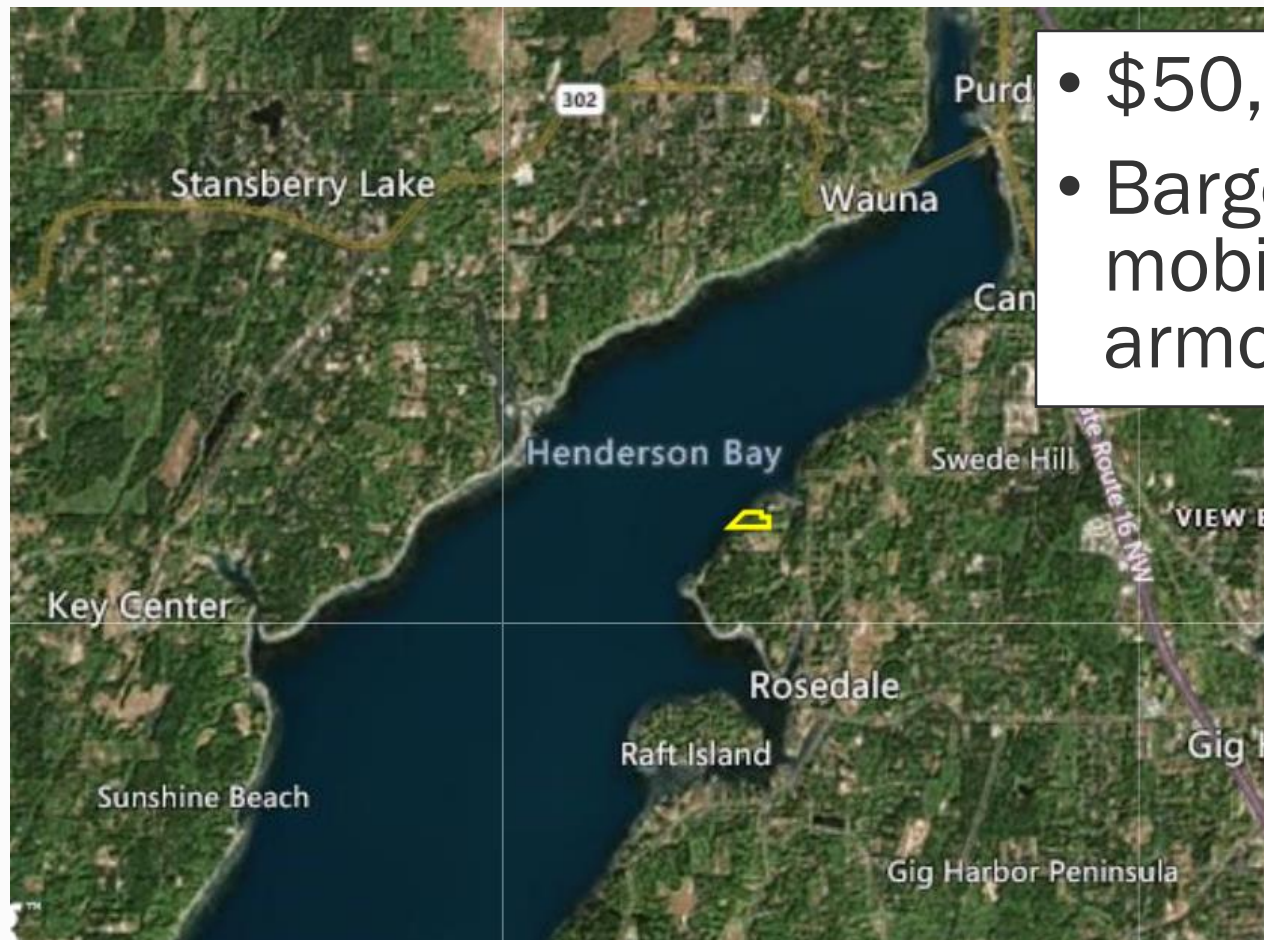

- \$47,606.00 (\$50,006.00)
- Improve aquatic ecosystem function and water quality by removing overabundant native aquatic vegetation

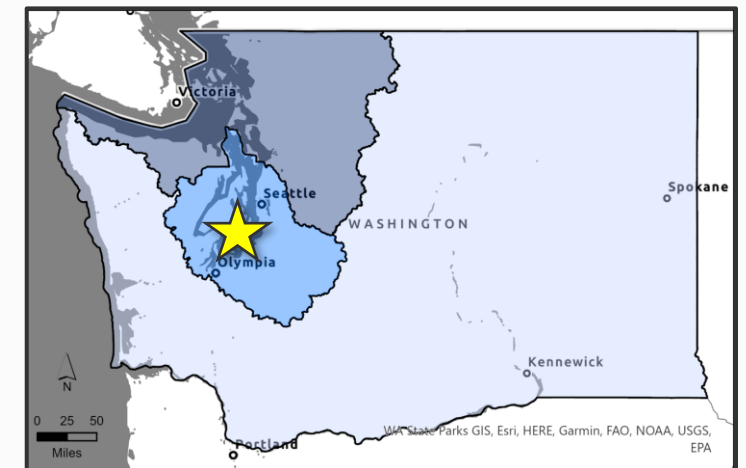

Henderson Bay Armor Removal and Shoreline Restoration

SPPRCPF-2023-PierCD-00013

Pierce Conservation District

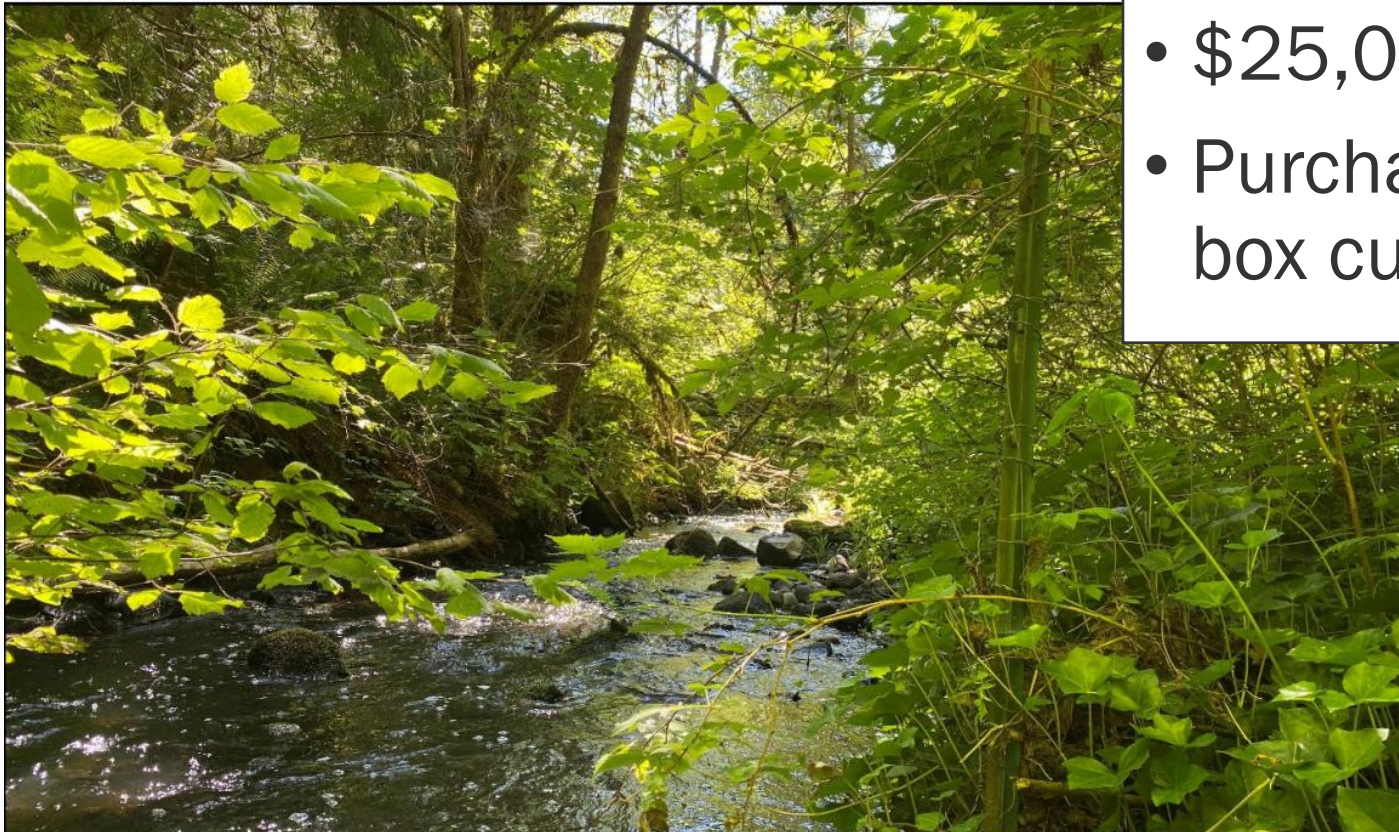

- \$50,000.00 (\$393,372.00)
- Barge and equipment mobilization for shoreline armor removal project

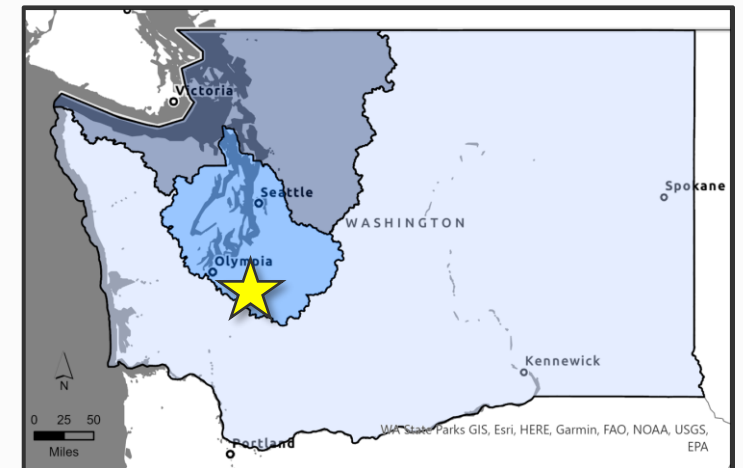

Lower Horn Creek Fish Passage

SPPRCPF-2023-SPSSEG-00026

South Puget Sound Salmon Enhancement Group

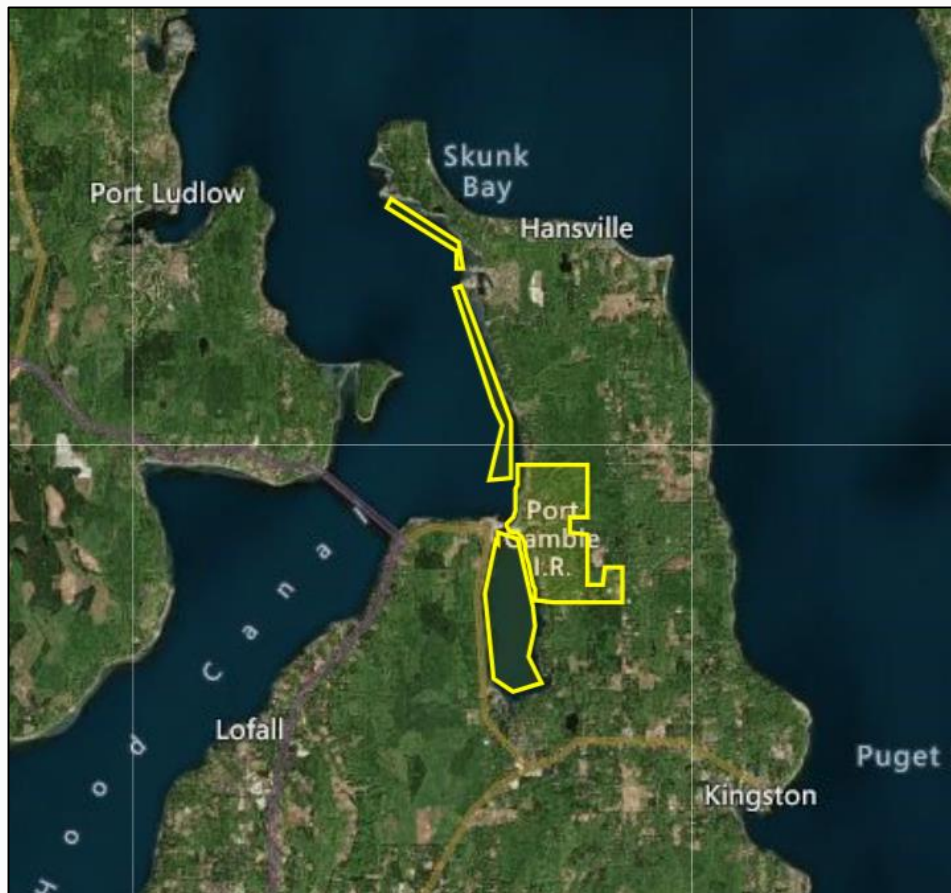

- \$25,000.00 (\$373,000.00)
- Purchase bridge for concrete box culvert removal project

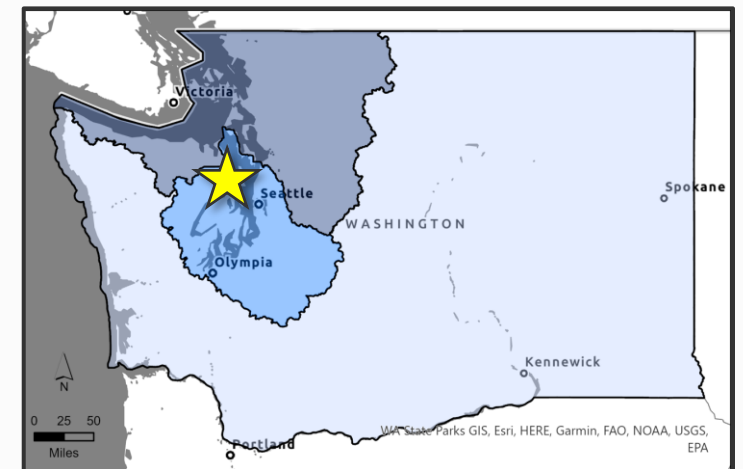

North Kitsap Derelict Fishing Gear Removal Project

SPPRCPF-2023-PoGalT-00034

Port Gamble S'Klallam Indian Tribe

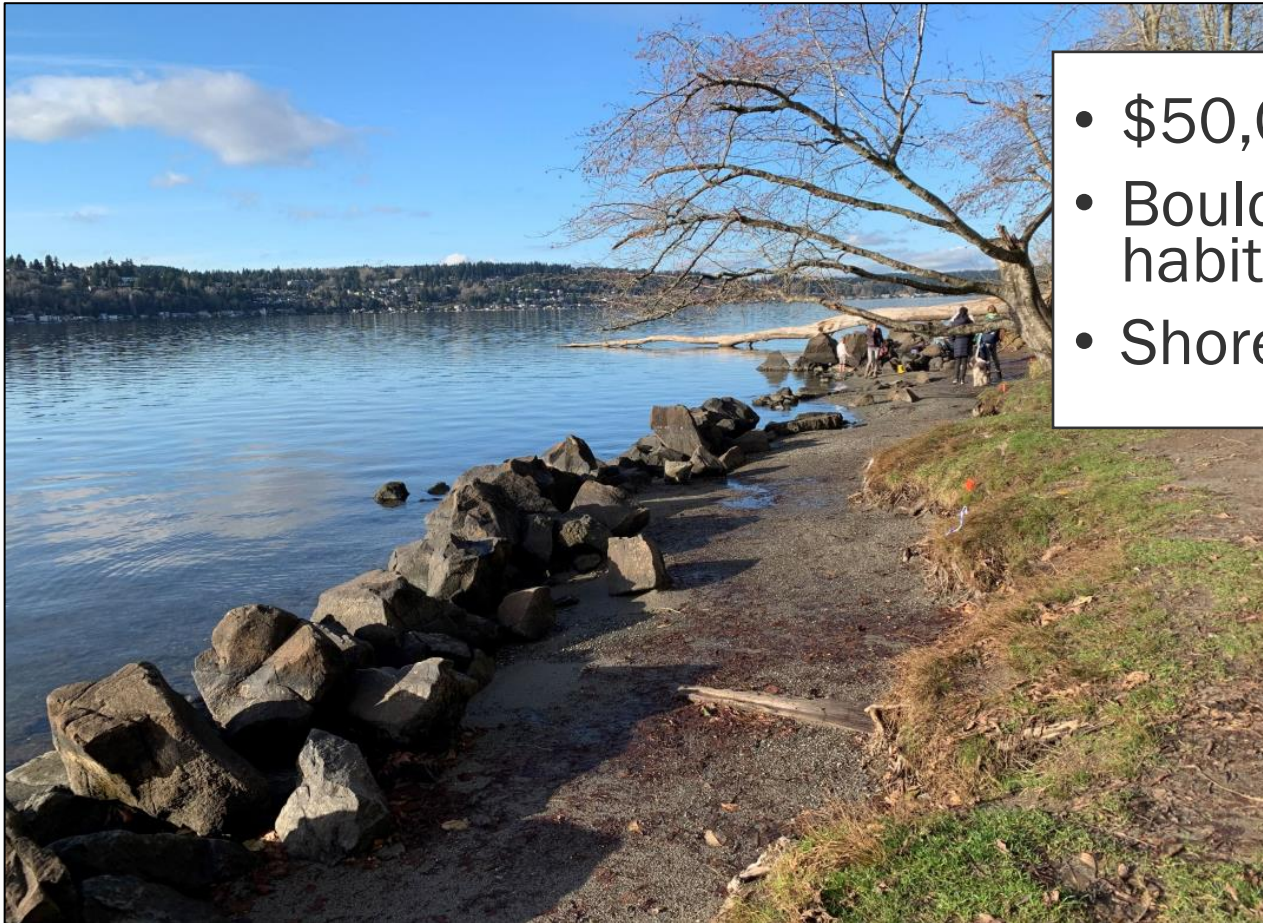

- \$50,000.00 (\$50,000.00)
- Derelict fishing gear removal

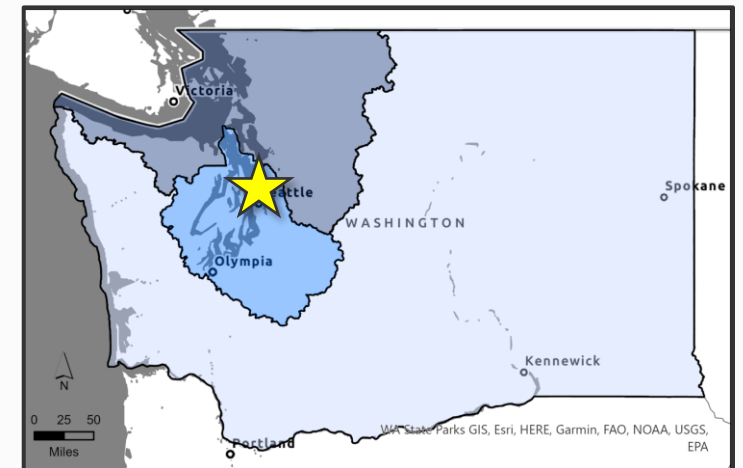

Saint Edward State Park Shoreline Restoration

SPPRCPF-2023-WaSPRC-00021

Washington State Parks and Recreation Commission

- \$50,000.00 (\$50,000.00)
- Boulder and concrete removal, habitat log placement
- Shoreline planting and restoration

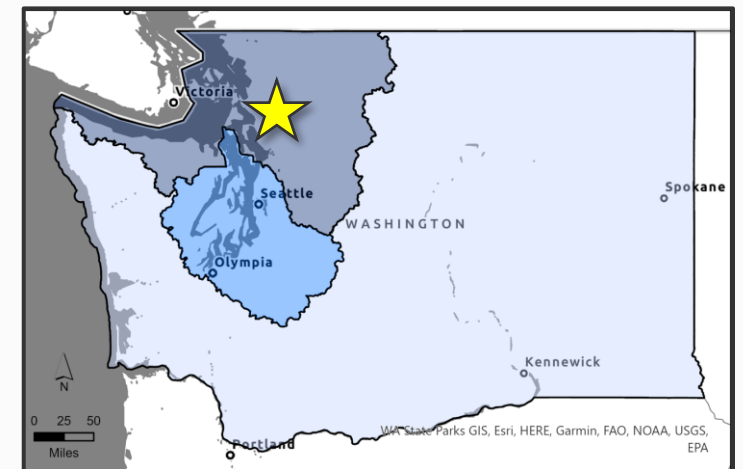

Hart Slough Restoration

SPPRCPF-2023-SkCoPW-00011

Skagit County - Public Works Department

- \$45,880.00 (\$45,880.00)
- Creosote piling removal
- Invasive weed removal and site prep for upcoming restoration
