

# Clean Fuels Program AF-CCS Advisory Panel Meeting

August 31, 2022

# Start Recording

We will begin recording at this time.

# Clean Fuels Program AF-CCS Advisory Panel Meeting

August 31, 2022

# Ecology Staff

- Abbey Brown – Technical Lead
- Debebe Dererie – Fuel Pathway Specialist
- Janée Zakoren – Outreach & Engagement Specialist
- Rebecca Sears – Project Manager & Partnership Specialist

# Agenda

Opening & Welcome - Ecology

Carbon sequestration practices

*Break*

Identifying subject matter experts

Advisory Panel Work Plan

Next steps & wrap-up

# Opening & Welcome, Introductions

Abbey

# Carbon sequestration practices

Rebecca

# Why practices?

## First two meetings:

- Introductions
- Work plan development
- Clean Fuel Standard and lifecycle analysis level-setting

## Work plan topics

- CFS and carbon offsets
- Environmental Justice
- Outreach
- Incentivizing best practices
- Financial/energy costs
- Materials sourcing
- Health impacts
- Unintended impacts
- Practical application
- Common vocabulary
- **Practices with potential for CCS benefits**

What we are discussing today

# Questions

What are existing and emerging carbon sequestration practices, on agricultural and forest lands?

How might you prioritize these practices?

# Existing & emerging practices

Goal: to *generate* a wide range of existing and emerging sequestration *practices*

- Start to build a shared understanding of practices among panel members
- Support panel and Ecology work planning

# Structured discussion on existing & emerging sequestration practices

Tools: writing material, Zoom breakout rooms, and Jamboard

What are existing & emerging carbon sequestration practices?

1. Individual reflection (3 min)	Have writing material to jot down practices
2. Paired discussion (5 min)	Zoom breakout room Share and discuss practices
3. Small group discussion (10 min)	Share and discuss practices Select one member to share Jamboard screen, and report out to plenary group
4. Plenary discussion (12 min)	Each small group will share key practices

# Structured discussion on existing & emerging sequestration practices

## 1. Individual reflection (3 min)

- Jot down existing and emerging practices
- Mute audio
- Turn off video if you find it helpful
- At 3 minutes we'll reconvene before going in to 2-person breakout rooms

# Structured discussion on existing & emerging sequestration practices

## 2. Paired discussion (5 min)

- Share existing and emerging practices
- Add and/or revise your list of practices
- At 3 minutes we'll reconvene before going in to 4-person breakout rooms

# Structured discussion on existing & emerging sequestration practices

## 3. 4-person discussion (10 min)

- Select member to report out during plenary discussion
- Share existing and emerging practices with group
- Add and/or revise your list of practices
- Members jot down practices on Jamboard group frame
- At 10 minutes we'll reconvene to share out in plenary

# Structured discussion on existing & emerging sequestration practices

## 4. Plenary discussion (12 min)

- Select member to report out during plenary session on group discussion
- Plenary reviews frames of each group

# Structured discussion on prioritization

**Goal:** to *prioritize practices* and discuss the criteria that went into that prioritization.

- Create a common understanding of priorities among panel members
- Support work planning

Approach discussion on priorities by first thinking about the practices surfaced in Jamboard.

# Structured discussion on priorities

Tools: writing material, Zoom breakout rooms, and Jamboard

What are your top 3 practice priorities? How did you decide?

1. Individual reflection (3 min)	Use Jamboard – put a check mark next to top 3 practice priorities
2. Paired discussion (5 min)	Zoom breakout room Share/discuss priorities and rationale
3. Small group discussion (10 min)	Share and discuss practices and rationale Select one member to report out to plenary group
4. Plenary discussion (12 min)	Each group shares out priorities and rationale

# Structured discussion on priorities

## 1. Individual reflection (3 min)

- Review practices listed on Jamboard, frames 1-4
- Using the left-hand toolbar, select the pen, and make a check next to your top 3 priority practices. One check per practice, please!
- Take note of how you came to those priorities for follow-on discussion
- Mute audio, and turn off video if helpful
- At 3 minutes we'll reconvene before going in to 2-person breakout rooms

# Structured discussion on priorities

## 2. Paired discussion (5 min)

- Share priorities and how you came to select your top 3 practices
- Add and/or revise to your priorities and/or considerations
- At 5 minutes we'll reconvene before going in to 4-person breakout rooms

# Structured discussion on priorities

## 3. 4-person discussion (10 min)

- Select member to report out during plenary session on group discussion
- Share priorities and decision-making process
- Members jot down considerations or criteria on Jamboard group frame
- At 10 minutes we'll reconvene to share out in plenary

# Structured discussion on priorities

## 4. Plenary discussion (12 min)

- Group representative to report out during plenary session on group discussion
- Plenary reviews frames of each group

# Identifying Subject Matter Experts

- Are you, or an expert you know, interested in speaking on any one of the practices identified today?
- The subject matter expert may be you. If not you, do you know someone who could? This could be an individual, an organization, etc.

# Advisory Panel Work Plan

## Ecology

# Work planning

- We expect to hold *two meetings* before the end of 2022.
  - Please respond to the Doodle poll for meeting times.
- We will be following up with you for more information related to the subject matter experts you recommended.
